The Firebaugh House was created to provide a space for the academic, emotional, and social success for those students which are either undocumented, from mixed-status, or support them.

This house will serve as a safe and welcoming space for students to come together, develop a better understanding of immigration status-related issues, and empower themselves and one another.

Residents will have the opportunity to develop political consciousness and personal growth around immigrant identities. To foster diversity and education in the UCI and Arroyo Vista Community.
