MAINTENANCE LEAD

The student custodian lead and student maintenance lead are responsible for assisting with maintaining the campus village public buildings and apartments. All student workers must be prompt for assigned shifts and have a commitment to excellent customer service. Accuracy and attention to detail is required. The student leads must be able to supervise crews and work independently on a variety of tasks assigned by the supervisor. The lead positions are required to live in campus village. If the individual does not have a housing contract, one will be provided upon appointment.
