***UC Irvine Student Housing incorporates a progressive discipline model as a guideline for action when addressing issues with a student employee. Standards for the conduct of student employees are set forth as follows:

- **Behavior Standards** (UCI Student Code of Conduct, Student Housing Student Employee Behavior Guidelines)
- **Job Responsibilities** (Job Descriptions and other position specific expectations)
- **Academic Standards** (maintaining any GPA or academic load requirements for the position held)
- **Student Status** (maintaining UC Irvine student status during employment)

These standards will be made available to student employees when they are hired and during the training process.

If a student employee has not complied with one or more of these standards, the student employee’s supervisor may consider taking progressive discipline. Below are the starting points for Student Housing’s progressive discipline for student employee issues. While the process is progressive in nature, each case will be evaluated on its own merit. The discipline of any particular student employee may begin at any step in this process depending on the severity of the issue or violation.
