**Upcoming Project at Palo Verde**

We would like to make you aware of the following up-coming scheduled project for improvements around Palo Verde.

**Organic Garden** - On June 19th and 20th, Palo Verde will be conducting work on the organic garden in lower Palo Verde. This project will be conducted between the hours of 8:00am to 5:00pm. However, loud sounds will be kept to a minimum until 9:00am. There will be noise, dust, and construction vehicles on the property and around the buildings. This will impact the parking around that area. NO PARKING signs will be posted with dates and times. Vehicles parked in a NO PARKING area during the posted hours may be subject to towing.

**The Palo Verde Clubhouse will be Closed**
The PV Clubhouse will be closed starting June 25th until July 3rd for repairs. It will not be available for any functions during this time.

We apologize for any inconvenience this may cause.

Thank you for your cooperation as we work to maintain and improve our community.

---

**Bren Events Center Traffic Congestion**

On the following weekdays, portions of the Mesa Parking Structure will be closed to accommodate the UCI commencement ceremonies and various high school graduations hosted at the Bren Events Center:

- **Fri, June 15th** - 8am - 8pm
- **Mon, June 18th** - 8am - 11am
- **Tues, June 19th** - 11am - 3pm
- **Wed, June 20th** - 7am - 4pm

The west side of the campus will be heavily impacted, including West Peltason Drive, Mesa Road, and surrounding parking areas. Traffic directors will be on hand to facilitate the traffic flow; however, please expect delays and intermittent road closures. You may want to consider alternate routes for accessing campus destinations.

Please see our map of event times and affected areas: https://sites.google.com/a/uci.edu/tds-media/zotmail/layout/newslettespring2018/commencementtraffict2018.pdf

---

**Garage Policy**

Garages are assigned from a wait list of residents who maintain a vehicle on the premises. They are only available in lower Palo Verde.

- Garage doors must be kept closed at all times when not in use.
- An open garage door invites those walking by the opportunity to take what ever they see.
- If a resident is reported leaving the garage door open 3 times, they will have their privileges revoked.
- Parking in front of garages is prohibited and may be subject to a citation.
- Residents assigned to a garage are not permitted to park in the open lot at any time.

Gorilla Marketing is growing and looking for highly motivated individuals for their business development team. The ideal candidate will be a recent college graduate looking to build a career in sales.

**Job Posting**

UCI Alumni Preferred!

Gorilla Marketing is seeking candidates with 
- Training
- Unlimited earning potential
- Outstanding support staff
- Guaranteed first-year compensation

**What Qualifications Do They Need?**

- College degree
- Microsoft Office skills
- Outgoing personality
- Excellent communication skills
- Self-starters preferred
- Sales experience a plus but not required

If you qualify or know anyone who may, please send a resume and cover letter to: Nina Vultaggio at nina@gorillamarketing.net.

“Life is the most difficult exam. Many people fail because they try to copy others, not realizing everyone has different questions.” - Unknown

---

**Recycle**

We all need to do our part to make the UCI Recycling program effective. However, not everybody knows what is recyclable and what is not. Here are some recycling tips:

- Make sure items are free from liquids and food residue. Rinse out jars, cans and bottles CLEAN.
- Put clean and dry corrugated cardboard into the recycle bin after it has been emptied of its protective packaging materials and flattened.
- Items such as juice boxes, chip bags, frozen food boxes, and other materials that have a plastic, glossy or shiny coating are not recyclable.
- Dishes, Pyrex, ceramics or light bulbs are not recyclable.
- Styrofoam, or expanded polystyrene, of any kind cannot be recycled. This includes coffee cups or food containers packing peanuts used in moving boxes, styrofoam, coolers, etc.
- Bag and tie up your cat litter, diapers and vacuum cleaner bags and put in the TRASH, not in recycle bins.
- Because of potential hazardous materials or chemicals, items like batteries, CFL bulbs, cell phones, and printer cartridges can all be recycled but need to be disposed of in the Electronic Waste bin in the PV Computer Lab.
- Materials like pizza boxes, used paper plates, napkins, paper towels, and jars with food residue should be placed in the compost bin, not the recycle. The materials themselves are recyclable, but once they are contaminated with food, they are useless.

---

**Did You Know?**

Researchers studying the happiness and mortality of people around the world found that the key to a longer life is having a sense of purpose. When the elderly participants felt their lives had a meaningful purpose, their chances of dying were dramatically reduced.
Post and/or Search for Sublets, Furniture, Off-Campus Housing, and More! The Anteater Housing Network, provides easy access to on and off-campus housing listings for students, and is a great place to advertise a sublease or search for a sublease and reach other UCI students. The site includes properties for rent and sale, as well as message boards to find roommates, sublets, buy/sell furniture, and more.

To place an advertisement on the Anteater Housing Network visit http://offcampus.housing.uci.edu/. You need to log-in with your UCI NetID and password to view listings. Guests access to the site is granted for a limited time for prospective students and other campus affiliates.

INSTEAD OF throwing it out - DONATE it! Goodwill will be placing new donation bins around the community on May 29th which will be located next to the laundry rooms. These bins are for clothes and small items only. No furniture or large items are to be placed near these bins.

Please arrange for your large items to be given away, picked up, or taken to your favorite charity. Save a trip to the thrift store or recycling center by advertising in the PV laundry rooms or send an email to pvinquiry@uci.edu for a one-time posting in the Palo Verde Press.

PLEASE NOTE: There is a charge upon move out for removal of any items left behind by vacating residents.

Donate everything from binders to televisions! Bins are located in each hall and around the community!

Goodwill can accept: Clothing, dishes, silverware, small electronics (lamps, clocks, toaster, blenders, stereos, DVD players), books, select bedding (bed sheets, pillows, blankets, comforters, NO mattress pads), towels, televisions, and computers/monitors. NO broken furniture.

ATRS can accept: Clothing, shoes, household textiles including stuffed animals, blankets, sheets, pillows, memory foam pillows, towels, shower curtains, comforters, drapery, and small rugs.

Weeks 10 - 11

Donate non-perishable, unopened, labeled food items to the UCI FRESH Basic Needs Hub

Your donation keeps usable goods out of the landfill and serves the community!

When you donate to Goodwill of Orange County, 92 cents of every dollar directly support Goodwill OC’s programs and services, and 91% of all donated goods find another home other than the landfill.

When you donate to ATRS Recycling, 98% finds a home other than landfill and 3 cents per pound will go to CRECE Cooperative, a community run micro-farm in Santa Ana.

When you donate to FRESH Basic Needs Hub, you help fight food insecurity on campus.

"This is a story about four people named Everybody, Somebody, Anybody, and Nobody. There was an important job to be done and Everybody was sure that Somebody would do it. Anybody could have done it, but Nobody did it. Somebody got angry about that, because it was Everybody’s job. Everybody thought Anybody could do it, but Nobody did it. Somebody realized that Everybody wouldn’t do it. It ended up that Everybody blamed Somebody when Nobody did what Anyone could have.” ~ Anonymous

DO NOT Place Furniture or Other Items In or Beside the Dumpster.

Tenants may mistakenly think that they can put furniture out by the building dumpster and the Palo Verde staff will take care of the disposal. This is not the right way to go about it.

Please place your items next to the large blue bin located just outside the laundry room near the 4400 building.

Disposing of items properly is part of being both a good neighbor and will also go a long way in keeping our property looking great.
