Water Shut Off Maintenance Project
The water for all of the 1100 to the 6300
buildings and the 2300 and 4400 laundry
rooms will be shut off on December 19th for
needed repairs to a water valve assembly. Both
the hot and cold water will be off between the
hours of 9:30am and noon in these buildings.
The restrooms by the Palo Verde Office at the
7000 building will be available for your use.
The water will be restored as soon as the repair
work is completed. Please plan accordingly.
If you questions or concerns, please contact
the Palo Verde Office at 949-824-8918.

We apologize for the inconvenience!

Keep Pets Safe During the Holidays
Avoid Holiday pet dangers by steering clear of the following unhealthy treats, toxic plants and dangerous decorations:
- Holly and Mistletoe: Holly, when ingested, can cause pets to suffer nausea, vomiting and diarrhea. Mistletoe can cause gastrointestinal upset and cardiovascular problems.
- Tinsel: Kitties love this sparkly, light-catching “toy” that is easy to bat around and carry in their mouths. But a nibble can lead to a swallow, which can lead to an obstructed digestive tract, dehydration and possible surgery.

CLASH OF THE CANS
Help combat hunger at UCI by donating non-perishable goods during UCI’s eighth annual Clash of the Cans food drive. All goods collected through December 21st will benefit the OC Food Bank and UCI’s FRESH Basic Needs Hub, a student-initiated project that ensures UCI students’ basic food needs are met by providing resources, services, and support to help the campus thrive.

Keep Walkways Clean
In an on-going effort to maintain the Fire and Safety requirements within the Palo Verde community, the common areas are for the use and enjoyment of all in the community. Keep common areas clean and free of debris and personal items. Do not leave anything that would obstruct steps, sidewalks, and stairways - including emergency stairwells.

These areas may NOT be used for resident storage, placement, planting, or construction of any items. Please collect your personal belongings and remove any trash that you may have generated before leaving a common area.

Accumulation of trash and/or items is both a health hazard and a fire hazard. Thank you for helping us keep the landscape, common areas, and shared areas of our community as safe and clean as possible and in compliance with the Fire and Safety requirements.

Expecting Holiday Guests?
Residents have overnight guests in their apartments for no longer than seven (7) days, with approval from the roommate (when applicable). Be sure to discuss the visit and receive your roommate’s approval prior to the guests’ arrival. Remain sensitive to your roommate’s feelings and concerns. Residents are financially responsible for any damages caused by their guests.

Visitor Parking - All guest’s vehicles must be registered when on site and may only park in designated visitor spaces. Visitor parking is very limited. Make sure there is a visitor spot before entering the license into the visitor account. It is the responsibility of the resident to manage and record the appropriate information in their parking account. If you park in Palo Verde and you are not registered by a Palo Verde resident, your vehicle is subject to a citation and/or towing at the owner’s expense.

Extraordinary Maintenance
- Repair and/or replacement of a window, door, or equipment if the resident made a good faith effort to notify the Owner of the condition.
- Repair or replacement of a window, door, or equipment for reasons that are safety related.
- Repair or replacement of any equipment or facility that is damaged due to natural causes or disasters.

Sawdust Winter Fantasy
Art and Craft Festival
Weekends Only Until Sunday, December 16th
10:00 am - 7:00 pm
The Sawdust’s Winter Fantasy Festival transforms into a picture perfect winter wonderland with thousands of lights and decorations, falling snow and holiday photo-ops. Experience the magical 3-acre art village featuring 175 artists and holiday photo-ops. Build a candy car out of holiday confections everyone loves. Our favorite goodies do not find out how science plays a crucial role in the kitchen.

Santa Claus will make special appearances and there will be other fa, la, la activities on the schedule.

DiscoveryCube Presents:
Science of Gingerbread
November 23, 2018 through January 6, 2019
Aprons on, scientists! You will head into the world of the classic holiday dessert and find out how science plays a crucial role in the kitchen. Our favorite goodies do not come together magically though. We use heat, math, engineering and other important components in order to bake and create the confections everyone loves. Build a candy car out of holiday treats and then compete, in the Gingerbread Derby. Santa Claus will make special appearances and there will be other fa, la, la activities on the schedule.
